A Toxic Love Affair Talk by Dr Clifton Evers

We have an exciting opportunity to be involved in an international project that looks at an artistic response to the pollution generated in our local beaches and rivers. Dr Evers will introduce the scope of this project, which will be the first exhibition to transform a new public art space in Cullercoats – please come along!

Tuesday 18th – 10am

A Toxic Love Affair photography walk

To start this project, there will be an organised walk along the fish quay and local beaches to gather photographs, make sketches, and pick up objects to form the inspiration for this project.
