GOOD NEIGHBOURS

The Good Neighbours project recruits, trains and supports volunteers to undertake a variety of practical tasks commonly associated with those carried out by a 'good neighbour' such as basic DIY, dog walking and shopping. VODA matches Good Neighbours volunteers to local people in the community who could use this kind of support. To find out how a Good Neighbour could help you or for more information about becoming a Good Neighbour call 0191 643 2626 or email admin@voda.org.uk.

WEA

The Workers' Educational Association (WEA) is the largest voluntary sector provider of adult education in the United Kingdom. This includes providing basic maths, English and IT skills for employment; courses to improve health and wellbeing; creative programmes to broaden horizons and community engagement activities that encourage active citizenship. For information on upcoming courses visit <https://www.wea.org.uk/north-east>

FORWARD ASSIST

Forward Assist provides support, advice, guidance and advocacy. We provide a variety of projects to reduce social isolation, loneliness and activities that improve the physical and mental health of veterans accessing our services. For more information visit www.forward-assist.com.
